

**For The Birds**

## For the Birds

**Identify Problem:** Kids often bully because they feel excluded, or they might be different and therefore feel left out. Other kids may feel afraid or uncomfortable around someone who is different and unintentionally exclude them perpetuating the problem even further.

**Exercise:** Watch the Pixar short film “For the Birds”

**Discussion:**

- Who is the bully in this film?
- Why do you think he has the need to be a bully?”
- Is there anything the other birds could have done to prevent the bullying?
- How do you think the bully felt?
- How do you think the other birds felt?
- How does this film relate to experiences you have had with bullies?

**Identify Skills:**

- Students will learn that some kids bully because they just want to get noticed.
- Students will learn that some kids bully because they are retaliating because they are being excluded.
- Students will learn tolerance for others.
